Art Unit: 1714

The amendment received 29 June 2005 has been made of record. Claims 32-44 are pending.

Claims 32 and 36-39 and 41 are rejected under 35 U.S.C. 102(b) as being anticipated by GB '185.

Claim 40 is rejected under 35 U.S.C. 103(a) as being unpatentable over GB '185 in view of Ludwig.

Each of these rejections is maintained substantially as set forth in the previous office action.

Applicants have argued that newly added limitation to a matrix resin in a form selected from powder, slurry and wet cake patentably distinguishes over the prior art.

Since the prior art teaches powder form, this argument is not persuasive.

Claims 33-35 and 42-44 are allowed.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
